

Technical Feature of
Midea Light Commercial Products
(M Floor-standing)

➤ Fashion Design

- Concise and easy design better suits decoration style
- High-polished plastic panel
- Dust proof air outlet grille

➤ Fashion Design

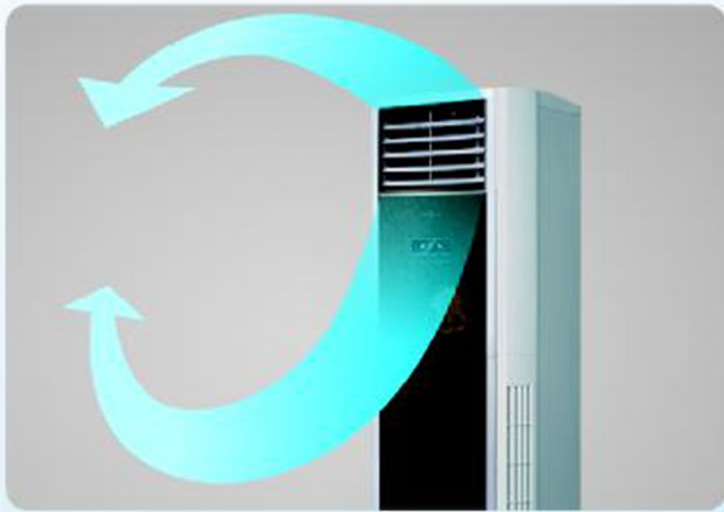

- Easy Control

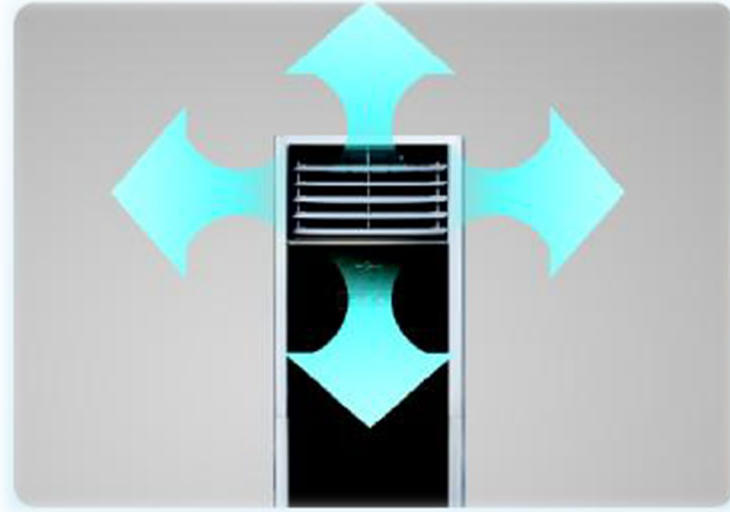

Big LCD display shows multi-information very clearly.

Slight-touch buttons make the operation easy, clear and precise.

➤ Comfortable Air Flow

- Long distance air supply

- 3D air distribution
(Vertical and horizontal louvers auto swing)
(optional)

➤ Healthy Air

- Fresh Air (Optional)

A fresh air inlet can be customized on the return air channel. When the indoor fan runs, the fresh air will be sucked inside through the fresh air pipe, which makes the air more clear and healthy.

➤ Healthy Air

- Double Air Filters (Optional)

Normal Filter
