High Compatibility

Compatible with a variety of operating systems.

User Friendly Interface

Clear, stylish interface designed by leading industrial designers.

Cloud Server Website

In addition to "M-control", users can control air conditioners and query the status of air conditioning equipment anytime and anywhere through the cloud server website.

Virtual Experience

After downloading "M-control", you can experience the operation of the interface through the virtual experience function without registration.

Easy Configuration

User groups can be joined simply by scanning a QR code.

Convenient Operation

Drag the position of the floating bubbles to change temperature and fan speed.

Anytime Control

Remote access to CCM-15 allows anytime, anywhere control.

Clear Icons

Clear, color-coded icons allow unit operating states to be viewed at a glance.

Group Management

The user can group the air conditioners equipment, and the air conditioner in the same group can be controlled together just with one tap.

2 Permission Levels

Administrators can set different permissions for different users to facilitate better management of devices.

User

Multiple Language Options

Supports multiple languages so that users of different languages can operate easily.

Flexibility

The Data Converter can be connected directly to a network of indoor/outdoor units.
